COMMERCIAL ANNUAL/BIANNUAL SERVICE AGREEMENT

Like any other mechanical moving device, the roll-up door needs regular maintenance to maximize performance. Roll-up door problems usually start out small and if they go unnoticed, can eventually lead to the door binding, damaged curtains/panels or even having the door completely non-operable, stopping production. A little preventative maintenance can add years of life to your roll-up door and roll-up door opener. King Door has come up with simple and cost effective maintenance agreement to assure your roll-up door gets its required maintenance. Choose the plan that best suits you.
